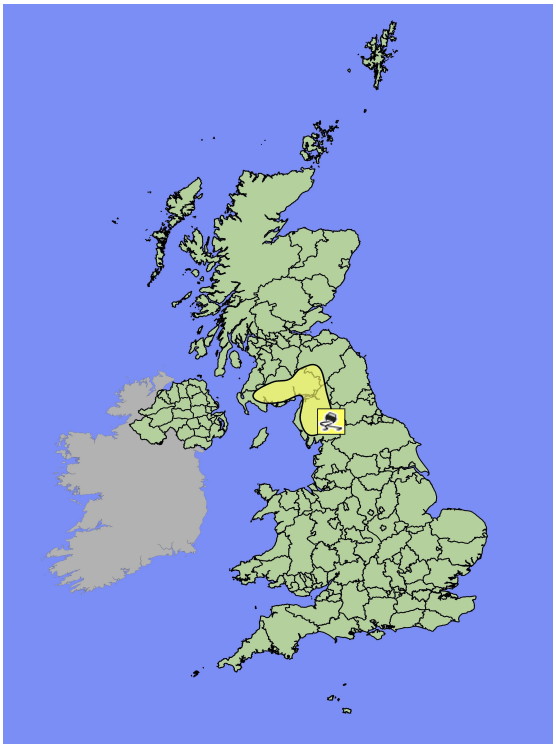
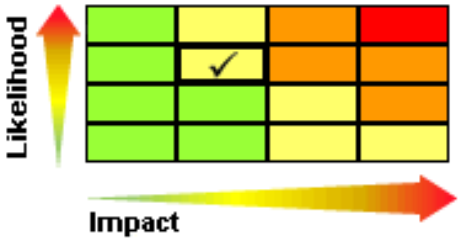
National Severe Weather Warning Service





Chief Forecasters Assessment
Another night where low temperatures and showers combine to give a risk of ice. The warning area attempts to pick out the most likely region, although other parts of the west and north of Britain are not entirely immune.

The Met Office have issued a **Yellow Warning** of **Ice**

Valid from **21:00 on Sat, 03rd Nov 2012** until **10:00 on Sun, 04th Nov 2012**

The public should be aware that showers through Saturday evening and into the middle part of Saturday night, could lead to some icy stretches on untreated surfaces.

For more details please go to:
